pro-iBiosphere Final Event

June 10-12, 2014

Bouchout Castle - Meise (Brussels), Belgium

During its two year duration, pro-iBiosphere contributed to making fundamental biodiversity data digital, open and re-usable while envisioning to implement an Open Knowledge Biodiversity Management System (OBKMS).

The achievements of the project will be presented in a series of activities.

Agenda

- **Tuesday June 10, 2014 (PM)**
Workshop on Model Evaluation
- **Wednesday June 11, 2014 (All day)**
Demonstrations on pro-iBiosphere pilots
